### SENATE BILL No. 492

#### DIGEST OF INTRODUCED BILL

Citations Affected: IC 8-1.

**Synopsis:** Utility regulation. Allows the Indiana utility regulatory commission (IURC) to add to the value of an energy utility's property for ratemaking purposes the value of certain qualified property constructed by the utility to comply with state or federal mandates. Allows an energy utility to recover through a retail rate adjustment mechanism governmentally mandated costs incurred in providing retail energy service. Allows a public utility providing electric or gas service to implement rates proposed by the utility in a petition for a change in its basic rates if the IURC fails to issue an order on the petition within nine months. Requires the utility to refund to customers any difference between the rate implemented and the higher of the rate: (1) finally approved; or (2) previously in effect. Provides that a merger, consolidation, reorganization, or stock transaction involving a utility company may not occur without IURC approval if the transaction will cause 50% or more of the company's voting stock to be held by different interests. Allows the IURC to impose a civil penalty of up to \$5,000 if a public utility providing specified services or a rural electric membership corporation (REMC) violates any utility law or fails to comply with: (1) a standard of service established by IURC rule; or (2) a rate or service requirement of an IURC order. Allows the IURC to impose an additional penalty of up to \$10,000 if the violation or failure demonstrates a disregard by the public utility or REMC of its duty to remedy the violation or failure. Specifies that a suit to recover a penalty imposed by the IURC shall be brought by the attorney general. Expands the eligibility of public utilities that may submit voluntary environmental compliance plans to the IURC to include public utilities subject to any state or federal environmental laws, in addition to public (Continued next page)

Any deferral of or offset against the retail rate adjustment mechanism may be made only for cost reductions directly resulting from the governmentally mandated event.
- (i) Recovery of governmentally mandated costs under this section does not preclude inclusion of the costs in an energy utility's basic rates and charges in subsequent rate proceedings. | 16 | petition or complaint must include a statement as to whether the utility,   |
| 17 | if a not-for-profit water utility or municipal utility, has any outstanding |
| 18 | indebtedness to the federal government. The public utility shall publish    |
| 19 | a notice of the filing of such petition or complaint in a newspaper of      |
| 20 | general circulation published in any county in which the public utility     |
| 21 | renders service. An order affecting rates or service may be entered by      |
| 22 | the commission without a formal public hearing, if:                         |
| 23 | (1) the utility is a not-for-profit water utility or a municipal utility;   |
| 24 | and   |
| 25 | (2) the utility has obtained written consent to obtain an order             |
| 26 | affecting its rates from the commission without a formal hearing            |
| 27 | from any agency of the federal government with which the utility            |
| 28 | has outstanding evidence of indebtedness to the federal                     |
| 29 | government.   |
| 30 | The commission may, however, on its own motion require a formal             |
| 31 | public hearing, and shall, upon a motion filed by the utility consumer      |
| 32 | counselor, by any public or municipal corporation, or by ten (10)           |

| 34 | associations, or ten (10) complainants of all or any of these classes,      |
| 35 | hold a formal public hearing with respect to any such petition or           |
| 36 | complaint.  |
| 37 | (b) In any general rate proceeding under subsection (a) which               |

requires a public hearing and in which an increase in revenues is sought which exceeds the sum of two million five hundred thousand

dollars (\$2,500,000), the commission shall conduct at least one (1)

public hearing in the largest municipality located within such utility's

service area.

| 1  | (c) As used in this subsection, "public utility" includes a               |
|----|---|
| 2  | department of public utilities created under IC 8-1-11.1. If the          |
| 3  | commission fails to issue an order making a determination on a            |
| 4  | request by a public utility for an increase in the public utility's       |
| 5  | basic rates and charges for electric or gas service within nine (9)       |
| 6  | months after the filing of the public utility's case in chief, the public |
| 7  | utility may implement the public utility's proposed rate changes          |
| 8  | beginning on the first day of the first billing month following the       |
| 9  | expiration of the nine (9) month period allowed the commission            |
| 10 | under this subsection by filing notice with the commission. The           |
| 11 | commission may suspend the running of the nine (9) month period           |
| 12 | if the commission finds that:   |
| 13 | (1) the public utility did not file its case in chief in sufficient       |
| 14 | detail to allow the commission to commence a review of the                |
| 15 | request;  |
| 16 | (2) the public utility materially altered the public utility's case       |
| 17 | in chief after its filing;  |
| 18 | (3) an order compelling production by the public utility of               |
| 19 | discovery has not been satisfied within the time provided in              |
| 20 | the order; or   |
| 21 | (4) the commission temporarily lacks jurisdiction over the                |
| 22 | proceeding due to the filing of an interlocutory judicial appeal          |
| 23 | of a commission ruling or order.  |
| 24 | The suspension ends and the nine (9) month period continues to            |
| 25 | run as soon as the public utility cures the cause for suspension.         |
| 26 | (d) If the commission does not make a timely determination                |
| 27 | under subsection (c), after the commission issues an order making         |
| 28 | a determination on the public's utility's request, the public utility     |
| 29 | may continue to collect the rates implemented by the public utility       |
| 30 | under subsection (c) pending a petition for rehearing or an appeal        |
| 31 | of the commission's order under IC 8-1-3. If the commission does          |
| 32 | not make a timely determination under subsection (c), and                 |
| 33 | notwithstanding any other provision of this article, upon the final       |
| 34 | determination on the public utility's request, including the              |
| 35 | determination on any petition for rehearing or appeal under               |
| 36 | IC 8-1-3, the public utility shall refund any difference between:         |
| 37 | (1) the revenues generated by the rates implemented by the                |
| 38 | public utility under subsection (c); and                                  |
| 39 | (2) the revenues that would have been generated by the higher             |
| 40 | of:   |
| 41 | (A) the rates authorized in the final determination on the                |

public utility's request; or

| 1  | (B) the rates of the public utility that were in effect               |
|----|---|
| 2  | immediately before the rates implemented by the public                |
| 3  | utility under subsection (c);   |
| 4  | for the period beginning on the effective date of the rates           |
| 5  | implemented by the public utility under subsection (c) and ending     |
| 6  | on the effective date of the rates authorized in the final            |
| 7  | determination on the public utility's request. The public utility     |
| 8  | shall issue any refunds required under this subsection not later      |
| 9  | than sixty (60) days after the effective date of the rates authorized |
| 10 | in the final determination on the proceedings. The refunds must       |
| 11 | include interest accrued from the date of the final determination at  |
| 12 | the interest rate set forth in IC 24-4.6-1-102.                       |
| 13 | (e) If the commission makes a timely determination under              |
| 14 | subsection (c) on a public utility's request, IC 8-1-3-6 governs the  |
| 15 | rates that the public utility may collect pending a petition for      |
| 16 | rehearing or an appeal of the commission's order.                     |

| 17 | proceedings in its own name; or   |
| 18 | (2) the attorney general to prosecute enforcement proceedings           |

| 21 | pursuant to the provisions of IC 8-1-2-115, IC 8-1-13-41.2, or other    |
| 22 | statutes, except insofar as such proceedings may interfere with the     |
| 23 | jurisdiction of the court of appeals or supreme court in a cause then   |
| 24 | pending on appeal.  |
| 25 | SECTION 11. IC 8-1-13-41.1 IS ADDED TO THE INDIANA                      |
| 26 | CODE AS A <b>NEW</b> SECTION TO READ AS FOLLOWS                         |
| 27 | [EFFECTIVE JULY 1, 2003]: Sec. 41.1. (a) The authority granted to       |
| 28 | the commission under this section is in addition to the commission's    |
| 29 | authority to act under section 41 of this chapter.                      |
| 30 | (b) This section does not apply when a corporation's violation          |
| 31 | or failure to comply under subsection (d) is caused by                  |
| 32 | circumstances beyond the control of the corporation, including any      |
| 33 | of the following:   |
| 34 | (1) Customer provided equipment.  |

this chapter.

| 1  | (d) Except as otherwise provided in this chapter, if the              |
|----|---|
| 2  | commission finds after notice and hearing that a corporation has      |
| 3  | violated this chapter or failed after due notice to comply with:      |
| 4  | (1) a standard of service established by commission rule; or          |
| 5  | (2) a rate or service requirement of a final and unappealable         |
| 6  | order of the commission;  |
| 7  | the commission may order the corporation to pay a civil penalty of    |
| 8  | not more than five thousand dollars (\$5,000) for each violation or   |
| 9  | failure to comply.  |
| 10 | (e) Notwithstanding subsection (d), if the commission finds after     |
| 11 | notice and hearing that the corporation's violation or failure to     |
| 12 | comply demonstrates, by a continuing pattern of conduct, a            |
| 13 | disregard by the corporation of its obligation to remedy the          |
| 14 | violation or failure to comply found under subsection (d), the        |
| 15 | commission may impose an additional civil penalty of not more         |
| 16 | than ten thousand dollars (\$10,000) for each violation or failure to |
| 17 | comply.   |
| 18 | (f) The commission shall consider the following when                  |
| 19 | determining the appropriateness of the imposition or amount of a      |
| 20 | civil penalty:  |

| 22 | (2) The gravity of the violation or failure to comply.                |
| 23 | (3) The good faith of the corporation in attempting to remedy         |
| 24 | the violation or failure to comply or achieve compliance after        |
| 25 | receiving notification of the violation or failure.                   |
| 26 | (4) The effect of the civil penalty on the corporation's              |
| 27 | members and their capitalization of the corporation.                  |
| 28 | (5) Whether the act or omission causing the violation or              |
| 29 | failure to comply had been approved or requested by the               |
| 30 | corporation's members.  |
| 31 | In the order imposing the civil penalty, the commission shall make    |
| 32 | specific findings with respect to the factors described in            |
| 33 | subdivisions (1) through (5).   |
| 34 | (g) A corporation may not be subject to both a civil penalty          |
| 35 | under this section and a penalty agreed to in a commission            |
| 36 | approved settlement agreement for the same violation or failure to    |
| 37 | comply. If the commission has approved a settlement agreement         |
| 38 | that includes penalties or remedies for noncompliance with specific   |
| 39 | provisions of the settlement agreement, the penalties provided in     |
| 40 | this section do not apply to those instances of noncompliance         |
| 41 | during the life of the settlement agreement.                          |

(h) The total aggregate civil penalties under this section in any calendar year may not exceed five-tenths of one percent (0.5%) of the corporation's gross intrastate operating revenue from retail sales of energy after deducting the corporation's cost of fuel and purchased electricity.

| 8  | SECTION 16. IC 8-1-27-8 IS AMENDED TO READ AS                                  |
| 9  | FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 8. The commission                       |
| 10 | shall issue an order approving an environmental compliance plan if the         |
| 11 | commission:  |
| 12 | (1) finds that the environmental compliance plan:                              |
| 13 | (A) is reasonably designed to meet or exceed the applicable                    |
| 14 | requirements of the Clean Air Act Amendments of 1990; state                    |

| 25 | (ii) if the plan does not provide for continued or increased                   |
| 26 | use of Indiana coal, such nonprovision is justified by                         |
| 27 | economic   |
| 28 | considerations including the effects in the regions of Indiana                 |
| 29 | in which the mining of coal provides employment and in the                     |
| 30 | service territory of the public utility; and                                   |

| 41 | the <del>Clean Air Act,</del> state or federal environmental laws addressed by |
| 42 | the plan, the public utility shall submit a modified environmental             |
